Dear Friend,

Most businesses only hear from their customers when there is something wrong. But I want you to know that I am not only pleased with the hearing aids you recommended, I am thrilled to death with them. You've not only given me my hearing back, you've given me a sense of belonging in so much as I now can hear what's going on in conversation in groups or restaurants etc. I also do not get yelled at by family anymore because I couldn't understand what they were saying to me.

I also want to thank you for the understanding and professionalism you showed during the times I came to you to make adjustments to the hearing aids. When I would tell you that something was not right you knew the correct questions to ask so that you could make the proper adjustment.

Again I want to thank you Dawn and your sister Heather for the gracious treatment I received.

PS. You may use this letter for advertising your business if you so wish.

Sincerely,

*Abe Kidwell*
